

# **DEAL TRI**

## **Photographic Policy**

Deal Tri recognizes that images of people enjoying triathlon are essential to promote the sport in the community and for the enjoyment of family and friends.

Deal Tri asks all its members and competitors for permission to use images for publicity materials (such as; poster campaigns, flyers or websites), using the club membership form and all race entry forms.

Deal Tri requests that all club members (particularly coaches and event organisers), spectators and the media, observe the following guidelines when filming and taking photographs at formally coached Deal Tri sessions and Deal Tri Events;

1. Using the club membership forms and race entry forms, Deal Tri Coaches / Event Organisers must ensure they are aware who does NOT wish to be filmed/photographed. (An example of individuals who opt out, are people who have once lived in a violent/abusive home and wish to remain anonymous, yet still enjoy participating in sport and living a healthy lifestyle).
2. At formally coached Deal Tri sessions and Deal Tri Events, all photographers are asked to report to the Coach/Event Organiser (at event registration) who will identify those individuals who do NOT wish to be filmed/photographed by either;
  - a. issuing the competitor race numbers (in a confidential manner, i.e. on a hand-out and not on a notice board), or
  - b. an alternative chosen method, i.e. a particular coloured swim hat, or the wearing of a red sticker on clothing (all dependent on the activity). Coaches/Event Organisers are asked to find a subtle ways of identifying those individuals.
3. All registered photographers will be given a 'Registered Photographer' badge. Anyone not wearing such a badge should be politely asked to obtain one.
4. Participants and parents must be informed that a photographer/camera person will be in attendance at an event by use of a simple poster that states photography and filming will be in process;
5. Clubs coaches from time to time will use video equipment as a coaching aid and care will be taken in the dissemination and storage of the material.
6. Any concerns regarding inappropriate or intrusive photography should be reported in confidence to the Coach/Event Organiser or British Triathlon Federation.
